ART × SPORTS [FOOTBALL] = COMMUNICATION

2 COUNTRIES IN A SINGLE FLAG MATCH FLAG

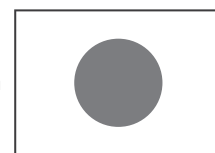

Art Workshop will be held in Japan and Asian countries, where the supporters of the two football teams playing a match will get together and create a Match Flag, a flag designed with a motif of their national flags.

The Match Flag will be taken to the match venue and the supporters will come together behind a single flag.

Under football's spirit of fair play, the Match Flag will support the players as they compete on the football pitch.

Singapore Flag

Japan Flag

Flag is crafted with unique traditional dyeing technique.

< The Japan Foundation Asia Center >

The Japan Foundation is an organization dedicated to carrying out comprehensive international and cultural exchange programs throughout the world. In 2014, the Foundation established the Asia Center, which aims to build and strengthen ties among the peoples of the Asian region, and expand their networks. Looking ahead to the 2020 Tokyo Olympic and Paralympic Games, the Center will hold a number of events and support exchange activities in fields such as music, performing arts, cinema, art and sport in the region.
